Description

When you first taste our Champagne White Wine Vinegar, you'll instantly fall in love with its smooth and elegant flavor, due in part to its production process. Unlike other "champagne" vinegars, this one never undergoes a pasteurization process. By eliminating this step, the vinegar possesses a lovely, rich base.

Imported from the Champagne region of France, the vinegar is a divine ingredient in salads, or try in homemade mayonaise: simply whisk with [D'Olivo Ultra Premium Extra Virgin Olive Oil](#), eggs, and mustard.
